

ASMRM 2014

研究發展及學術矚目 張貼人：研究發展處 / 公告日期：2014-07-25

ASMRM 2014
Mitochondrial Research from Bench to Clinic

IMPORTANT DATE
✓ Early-bird Registration Deadline: August 18, 2014
✓ Abstract Submission Deadline: September 10, 2014

REGISTRATION FEE (for LOCAL participants)

	Early-bird (before Aug 18)	Regular (Aug 18 - Sep 10)	On-site (Sep 11 - Sep 15)	Student (Sep 16 - Sep 20)
Domestic*	NT\$ 2,800	NT\$ 3,500	NT\$ 4,000	NT\$ 2,000
Domestic-TSMRM†	NT\$ 2,800	NT\$ 3,000	NT\$ 4,000	NT\$ 2,000
Student**	NT\$ 1,800	NT\$ 2,000	NT\$ 3,000	-
Student-TSMRM**	NT\$ 1,800	NT\$ 2,000	NT\$ 3,000	Not available
An accompanying attendant††	NT\$ 2,800	NT\$ 3,000	NT\$ 3,000	-

* Please bring along local tax receipt, invoice, or receipt for hotel, transportation, food, and other expenses.
** For full-time students only.
† A current copy of student ID should be submitted for verification for reduction. Please show the registration number in the result.
†† Accompanying person must be a local resident.

SCIENTIFIC PROGRAM (Please download [here](#))

ORGANIZERS:
TSMRM, ASMRM, and other related organizations.

SPONSORS:
Various academic and industry sponsors.

TAIPEI ASMRM 2014
11th Conference of Asian Society for Mitochondrial Research & Medicine
2014 Annual Meeting of TSMRM
November 14-15, 2014 Grand Hyatt Taipei, Taiwan
Mitochondrial Research from Bench to Clinic

Dear fellow researchers,

On behalf of the Organizing Committee of the 11th Conference of the Asian Society of Mitochondrial Research and Medicine: *from Bench to Clinic* (ASMRM 2014), we would like to invite you to participate in this meeting, which will be held at Grand Hyatt Taipei, Taiwan on November 14-15, 2014.

In the 11th ASMRM Conference, we have invited more than 25 renowned speakers from Europe, Oceania and Asia. The conference includes plenary lectures, a keynote lecture, symposium, and poster sessions covering the topics on:

- (1) Mitochondrial Biology
- (2) Mitochondrial Dysfunction and DNA Mutation
- (3) Oxidative Stress, Aging and Age-related Disease
- (4) Mitochondrial Dynamics and Quality Control
- (5) Metabolic Syndrome and Diabetes
- (6) Mitochondria in Reproductive Medicine

The purpose of this conference is to provide a platform for scientists and experts to exchange their latest scientific outcome in mitochondrial research from bench to clinic. We will do our best to enrich both scientific and social programs to make the conference a success. By attending ASMRM2014, we hope that you will take this opportunity to meet and share experiences with specialists all around the world.

Taipei has been one of the competitive tourist spots in Asia and has offered an intriguing blend of the modern and the traditional Chinese culture. The Taipei of today is a confident city of about 2.5 million inhabitants, and is characterized by its friendly people and safe streets, which makes it a fascinating place to visit and live. The city does not have any rough areas that are considered unsafe, even at night - which in itself is attractive.

We look forward to welcoming you in Taipei in mid-November.

Sincerely yours,
