Desk Phone Assistance During Self-Service Hours and Physical Item Borrowing Reminder

TMU Library (Xinyi) has implemented a self-service model on a trial basis since March 1, 2024, and continues to promote it to encourage patrons to become familiar with self-service equipment. To further enhance service quality, the self-checkout machines were upgraded at the end of December 2025. Starting February 1, 2026, self-service hours at the Information Desk will be adjusted to 9:30 a.m. to one hour before closing on weekdays. Staffed service will be provided during the beginning of the semester and examination weeks. During self-service hours, patrons may use the desk phone at the counter to dial extension 2514 for assistance.

In addition, the library offers borrowing services for various physical items, including power banks, headphones, tablets, and desk lamps. At TMU Library (Xinyi), these physical items can be borrowed and returned at the AI Literacy Lab on the 4th floor. Outside the AI Literacy Lab's opening hours and on weekends, please visit the Information Desk on the 2nd floor for borrowing and returning services.

Physical items must be returned on the same day, except for tablets, which may be borrowed for up to two weeks. Please note that physical items must not be returned via the self-return machine.
