

Don't Worry.....

Everything's Going to be All Right.

● *Grace Yeung*

Don't worry

If your friends don't treat you right

Baby

Everything's going to be all right

Don't worry

If your room-mate is in bad temper

And you cannot do what you like

Everything's going to be all right

It will be sunny again when the cloud flows away

Don't worry

When the light is suddenly off

And you still have a lot to study

Everything's going to be all right

Your exam. tomorrow will be O. K.

Don't worry

About what your Dad says about your religion

Everything's going to be all right

Don't worry

If you have been on diet for a whole month

And still don't lose weight

Everything's going to be all right

It will come out at the most suitable time

Everything, great and small, works together

To give the characteristic of your life, and

That is you-----the only one in the world

They are like the notes in your melody

Producing a sweet, wonderful music of your life

That

After forty or fifty years

You would like to tell others

to let your grandchildren know

About your own melody

So

Don't worry

Everything's going to be all right

For

There in One

Who takes care of the whole world
